Freedom and Independence

Restoring your freedom and control of your day is a big part of what makes the Inogen One Systems so special. You can power an Inogen One System by plugging it into a wall outlet, DC outlet in your car, or for hours at a time with each rechargeable battery. So go ahead, jump in the car to run errands or take a weekend trip to see family. Come and go as you please without having to switch equipment. Or take that long trip you thought you'd never again have the chance to take. The Inogen One Systems are made to follow you anywhere, whether it's around town, on the road, or on a cruise. Where you go is now up to you with Oxygen. Anytime. Anywhere.®

A single solution that can do it all!

The Inogen One System is one solution for stationary, portable, and travel use, day and night. Plus, it never has to be refilled.
